Newsletter – 5 July 2021

We had some special visitors to pre-school last week...

Our first guest was of the four-leg variety...a baby frog! The children enjoyed a close encounter with their amphibian friend. This encouraged some great questions, and many excellent observations were made about its long legs to jump with and the spots on its back.

Outdoor learning continued with the creation of a stick ladder!

On Friday 2 July we were joined by Angelo from [Superstar Sport](#) who are the leading UK provider of nursery sports coaching. Following the inactivity many children may have experienced during multiple lockdowns Superstar Sport have created the [Early Years Sports Fund](#) which will provide enough funding to ensure every single child who attends an early years setting in England has an opportunity to take part in a sports and activity session within their childcare setting.

Angelo ran two fantastic thirty-minute football/fitness sessions for us which most of our children took part in, some enjoyed it so much they took part in both sessions! The morning finished with a penalty shoot out with plenty of cheers from the staff and their friends.
